Spring at-a-Glance

It's hard to believe that we are nearing the end of the school year – this year has flown by! The warm weather has arrived, and we are celebrating spring in the after school program by being outside as much as we can. The kids love being able to play on the playground, play sports games in the field, draw with chalk, hang out with friends, and so much more. As the year comes to an end, the most requested activities by campers are Beyblades, Pokémon and using our imagination.

Thank you for trusting us to teach and care for your children this year in after school. We have had so much fun this school year, and we hope to see many campers during summer camp starting June 20th – *please make sure to request your registration roll over with the office if you have not already enrolled.* For those that are ready to prepare for next fall, **please look for School's Out and fall sports registration on our site in early July.** Thank you again for entrusting us with your children this school year. We wish everyone a wonderful summer vacation and look forward to seeing everyone again at a future Saco Parks and Recreation program!
